**Please Note:** You must have a Facebook account and be a member of the Vale Photographic Club Facebook page before you can post or comment on pictures – if you are unsure how to create an account, or join the club pages, please ask a committee member for detailed instructions.

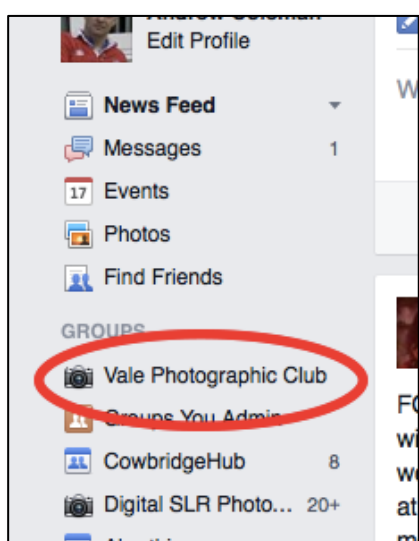

1. Log into Facebook by typing <http://www.facebook.com> into the address bar of your web browser

2. From the resulting webpage, enter the **email address** and **password** you used to create your Facebook account. Click the 'Log In' button.

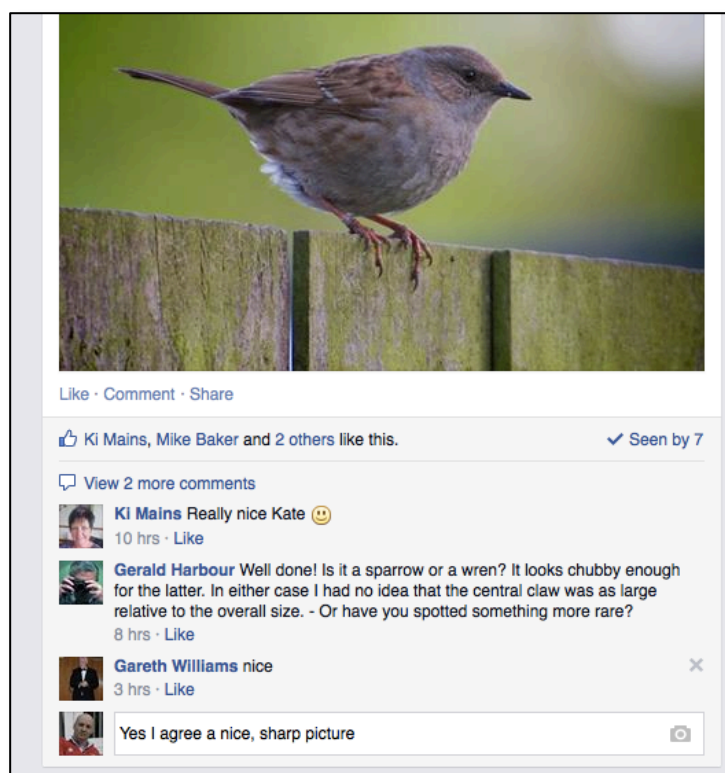

3. If you have been accepted as a member of the Vale Facebook page, the club page will appear under your list of 'Groups' on the left hand side of the page. Select this page

## To Comment on an existing Photograph

1. You can easily comment on photographs uploaded by other club members, by simply clicking into the comment box below the photograph, entering your comment and pressing return.

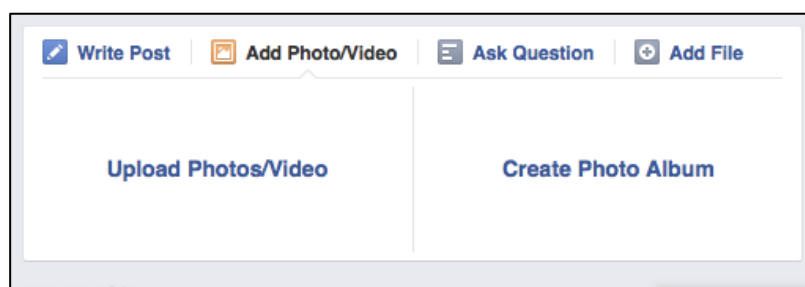

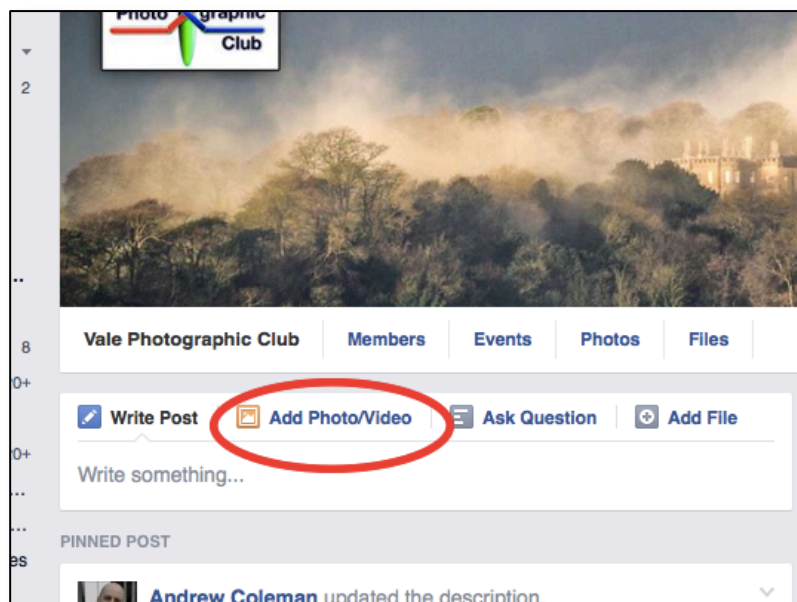

Here we've added the comment 'Yes I agree a nice, sharp picture'.

**As with all social media forum, please act with respect towards others – constructive criticism of members photos will always be welcome, but unhelpful or rude comments will not be tolerated and will be removed.**

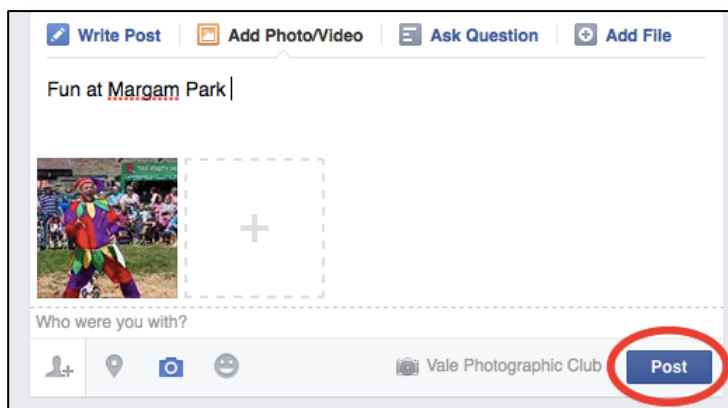

## To Add a photograph of your own to the club pages

1. Click the **Add Photo/Video** button at the top of the Club page

2. To add a single photo click the **'upload photos/video'** option. If you are adding a number of photos it is probably best to add them in their own album, so click the **'Create photo album'** option.

3. From the resulting dialogue box browse to and select the photo(s) you wish to upload. You will also be able to add a comment to your photo detailing what it is about or where it was taken – in this example below we have added the comment “Fun at Margam Park”.

4. Wait until the picture is fully uploaded then click ‘**Post**’.

**Congratulations you have now added your photo to the Vale Photographic Club Facebook page for other club members to comment on.**
